Hi Raji –

Please find attached the January 2017 Bi-Monthly Progress Report for the USOR AOI-1 RI/FS. As noted therein, the database provided with the previous (November 2016) bi-monthly progress report is still the current database (i.e., no new validated data have been added to the database since submittal of that report). The sample map sent previously is also still current.

Please let me know if you have any questions/comments.

Thanks.
